Each vial has a white label with blue and black text. The most prominent text on the labels is "COVID-19" and "VACCINE". Some labels also include smaller text like "Store at 2-8°C" and "Use Via". A dark red horizontal bar is superimposed over the middle of the image, containing the word "VAKSIN" in white, bold, uppercase letters.

VAKSIN

Mengubah Definisi HERD IMUNITI

DEFINISI

VAKSIN - adalah bahan yang dibuat dari kuman yang dimatikan atau dilemahkan, ataupun sebahagian daripada kuman tersebut (juga disebut antigen) yang akan disuntik (atau diberi) kepada seseorang individu, supaya badan menghasilkan tindakbalas tertentu, supaya individu tersebut tercegah daripada dijangkiti kuman yang dimaksudkan.

Difinisi HERD IMMUNITY Sebenar

Herd immunity (also called **herd effect, community immunity, population immunity, or social immunity**) is a form of indirect protection from infectious disease that occurs when a sufficient percentage of a population has become immune to an infection during a sufficient or minimum time (which means that a number of immunized individuals are needed for a given time to achieve the goal of **collective immunity**), whether through vaccination or previous infections, thereby reducing the likelihood of infection for individuals who lack immunity.^{[1][2]} Immune individuals are unlikely to contribute to disease transmission, disrupting chains of infection, which stops or slows the spread of disease. The greater the proportion of immune individuals in a community during a certain time, the smaller the probability that non-immune individuals will come into contact with an infectious individual.

Difinisi HERD IMMUNITY WHO

'Herd immunity', also known as 'population immunity', is a concept used for vaccination, in which a population can be protected from a certain virus if a threshold of vaccination is reached.

Herd immunity is achieved by protecting people from a virus, not by exposing them to it.

Vaccines train our immune systems to create proteins that fight disease, known as 'antibodies', just as would happen when we are exposed to a disease but – crucially – vaccines work without making us sick.

Vaccinated people are protected from getting the disease in question and passing it on, breaking any chains of transmission

We Have To Move Quickly To Halt The Covid-19 Coup

by **DR. VERNON COLEMAN**
MB ChB DSc FRSA

Everything that has happened in the last year or so was planned. Nothing related to covid-19 has happened by accident. Conspirators have been planning this coup for decades. Every detail has been worked out and their plans reach far into the future. It isn't difficult to prove that covid-19, the lockdowns, the face masks and the social distancing are all part of a conspiracy designed to create fear and compliance. As I predicted on March 18th 2020, the plan was always to move onto mandatory vaccinations. The exaggerated threat of an annual

were over most of the recent attempts to scare us into compliance. His track record is so appalling that if Ferguson were a race course tout, you'd steer well clear. Today's fear is being created as justification for a constant stream of oppressive new legislation. They're banning protests, introducing mandatory vaccinations and planning health passports. They're even making football illegal because it doesn't fit with the absurd Agenda 21 re-wilding plan. On March 19th 2020, the public health bodies in the UK, and the Advisory Committee on Dangerous Pathogens decided that the new coronavirus should no longer be classified as a 'high consequence infectious disease'. The coronavirus was downgraded to flu level. (There's a link to the relevant page of the

dared to speak out were demonised and labelled. The same bizarre things happened all across the world. Billions were put under house arrest. Economies were wrecked (to ruin small businesses and enrich billionaires). Schools were closed. Many hospital departments were shut leaving hospital staff so underworked that they started dressing up and doing silly dances to entertain the cancer patients being denied treatment. The official figures showed that hospitals had rarely been quieter. In care homes thousands were murdered as the elderly were denied medical care. The Government told us to protect our grannies while doing everything it could to kill them off. Classic brainwashing techniques were introduced to create terror and compliance. The Government hired military psychologists to keep citizens

enhance the fear. It is normal to measure the incidence of disease by using annual figures. With flu the figures are totted up in six monthly chunks. But with covid-19 the alleged deaths were added up on a rolling, never-ending basis to try to make the total look terrifying. No one mentioned that the flu can affect a billion people a year, and kill 650,000 in a six month flu season. And all the while they promised us freedom when the experimental 'vaccines' came. It was a lie. The 'vaccines' don't stop anyone catching covid-19. And they don't stop anyone passing it on. If the 'vaccines' do anything they simply reduce the significance of the symptoms associated with covid-19. But since most people who get covid-19 don't have any symptoms that's hardly much

can produce long-term problems in some patients but it was never dignified as 'long flu'. It will all be our fault, of course. In the same way that 'global warming' is 'our' fault - for which we must be punished. The rising number of deaths will be blamed on those who refused the 'vaccine' and on those who told the truth and campaigned against the coup. There will be ever more oppressive legislation. New laws are coming every day. Elections will be postponed permanently. Regular vaccinations will be mandatory for those in certain occupations or for those wanting to enter public buildings or supermarkets. Travel, even within the UK, will be constrained. Cash will be banned. We will all be controlled by constant assessments of our behaviour, through the intrusive programme of social

"We are afraid that 1 million infections with the new virus will lead to 30 deaths per day over the next 100 days. But we do not realise that 20, 30, 40 or 100 patients positive for normal coronaviruses are already dying every day.

[The government's anti-COVID19 measures] are grotesque, absurd and very dangerous [...] The life expectancy of millions is being shortened. The horrifying impact on the world economy threatens the existence of countless people. The consequences on medical care are profound. Already services to patients in need are reduced, operations cancelled, practices empty, hospital personnel dwindling. All this will impact profoundly on our whole society.

All these measures are leading to self-destruction and collective suicide based on nothing but a spook."

Left, Toxicologist Igor Shepherd, 54 -- "I am a Russian military doctor, and lived in Russia under communism, until I relocated to America in 1993. During my military service in the Soviet Army, during the late 1980's, my commanders continually pummelled the cadets with Russia's aim to transform the western world into global communism. Their plans to do this was not through an invasion of war, but through careful infiltration into governments and universities. In March of 2020, as I watched US governors, one by one, forsake scientific medical rationale and proper pandemic response protocol, and shadow communist China's unrealistic and harsh responses to the new

coronavirus outbreak, I knew the infiltration to transform the western world into communism was in full momentum, and that the Covid-19 pandemic was an utter and complete ruse with which to reset the world's governments and enslave humanity." - Igor Shepherd [text from his website]

II. COVID-19 Medical Myths: Low Infection Fatality Ratio (IFR)

The most enduring myth regarding COVID-19 is that this is a highly lethal infection. It is not. The data is unequivocal:

- COVID-19 kills very rarely and is mostly limited to the medically fragile
- COVID-19 is less deadly than influenza in children
- COVID-19 is similar lethality in the middle adult years and treatable

America's Frontline Doctors

White Paper On COVID-19

Experimental Vaccines

2. Failure of Previous Coronavirus Vaccines.

Despite trying for decades, scientists have never been able to create a successful coronavirus vaccine. Whenever they *think* they have, the experimental coronavirus vaccine has failed and animals who got the experimental vaccine died.²⁶

3. No Independently Published Animal Studies.

Most other previous vaccines have performed and published results on animal studies prior to giving to humans. This is critical because deadly effects are often not seen until this step. Most scientists believe that human death is inevitable if there are no prior peer-reviewed animal studies.²⁷ It is believed this is why strong vaccine advocates Dr. Offut and Hotez have not warmly endorsed the current speed of widely releasing the experimental vaccines.

America's Frontline Doctors

White Paper On COVID-19

Experimental Vaccines

4. Known Complications.

One of the known complications of vaccines is something called *immune enhancement*. One type of immune enhancement is known as Antibody Dependent Enhancement (ADE). This is a process where a virus leverages antibodies to aid infection. In short, the anti-COVID antibodies, stimulated by a vaccine, amplify the infection rather than prevent its damage. This paradoxical reaction has been seen repeatedly in other vaccines and animal development trials especially with *coronavirus* vaccine trials.²⁸

Other known complications of vaccines include neurological diseases such as transverse myelitis, Bells' Palsy multiple sclerosis, and Guillain-Barre. For example, in 1976 the government attempted a mass vaccination of the population with a newly created Swine Flu vaccine. The vaccination program was aborted after about 450 people came down with Guillain-Barre. The extremely limited COVID-19 vaccine data already has at least two transverse myelitis cases²⁹ and four Bell's Palsy cases that may be linked to vaccination..

Billy 'The Kid Killer' Gates

By Rachel Wisdece

On April 20th, the Irish Independent published an article titled "Concern for Children's Health as Parents Ignoring Vaccines". Edie Kennedy, you should be ashamed of yourself! This is nothing less than an attempt by government, through their puppets in the media, to remove the rights of parents to determine the life choices of their offspring and remove any doubt that we now live in a dictatorship.

This is an OUTRAGEOUS insult to every parent in the country who has the common sense to research the efficacy of vaccines themselves by simply looking at the historical record rather than trust politicians whose lies in the media, including those perpetrated by the Dept. of Health under Mary Hames regarding the fact of 'swine flu' and the dangerous myth of H1N1 vaccination, have led the country into the abyss of utter poverty and sold the country into the constant grasp of European bureaucrats whose sole aim is the destruction of every member nation's sovereignty leaving them clanking at the bottom begging bowl of the IMF.

Vaccines are a fraud, pure and simple! The historical record PROVES this for anyone with a little patience and the courage to investigate the FACTS for themselves, and it does take courage especially for those in the medical profession whose careers will be at risk if they dare expose this danger to us.

children. It also shatters their illusion that they're part of an organisation which is far from beneficial to those they believe they're protecting from illness.

However, their hypocritical oath should compel them to investigate such wild claims put out by pharmaceutical giants and their drug dealer sales representatives instead of taking the word of an industry well known as being utterly corrupt and ruthless in its business practices.

The Irish Incontinent scandal, where patients were knowingly infected with HIV through contaminated blood products should be enough to convince anyone of Big Pharma's monstrous intent.

This brings us to the real reason for vaccinations. I'm not even going to guess to readers that they don't work. I'll simply urge you to look up the historical record. One simple example is the decline of measles.

The measles death rate had declined by 98% from 1915-1918 prior to any vaccination being introduced. In 1988 and 1989, 98% and 89% for measles cases in American school-aged children had been vaccinated. In 1985, 56% of ALL measles cases in America were vaccinated.

These figures come from medical journals.

Those 3 simple examples PROVE that unvaccinated children are less likely to contract measles than vaccinated children.

PARENTS, TAXPAYERS AND ALL CONCERNED CITIZENS SHOULD BEWARE THE HIDDEN TRAPS IN THE CHILDREN'S REFERENDUM.
The Government has promised to put a Referendum on Children's Rights to the people later this year to amend the Constitution in order to give the State increased power over our children. VOTE NO!

Bill Gates Offers Nigerian House of Reps \$10 Million Bribe for Speedy Passage of Compulsory Coronavirus Vaccine Bill - Citizens Threaten Action to Stop It

A MAN OF GREAT INFLUENCE...

Bill Gates thinks he can dictate world health policy with no election, no appointment, no oversight and no accountability. Why?

He is not qualified or educated in any field even remotely related to health.

Not a humanitarian. He could slash world hunger by 70% if he really wanted to. But we see little to no evidence of anything of that nature. Bill Gates has actually doubled his wealth in recent years to \$100 Billion largely due to his vaccine programs. So apart from vaccine expansion programs in countries under the guise of beneficial NGO's, to experiment and make profitable the vaccine companies(of which he owns or profits). What else is there?.

The media portrays him differently because he donates millions to them instead. Most so called "fact checkers" are also funded by him.

ANTHONY S. FAUCI

In the 80's and 90's, many of the people who died from AIDS didn't die from the disease, but rather died from the toxic drugs (basically an old chemotherapy, AZT) used to treat AIDS. Fun fact, guess which doctor at the NIH promoted those drugs?

**...a lie repeated

*New world Oder***

The New World Order will include changes in:

1. Family:

homosexual marriages will be legalized;

parents will not be allowed to raise their children (the state will;) all women will be employed by the state and not allowed to be "homemakers"; divorce will become exceedingly easy and monogynous marriage will be slowly phased out;

2. Workplace:

government will become the owner of all of the factors of production; the private ownership of property will be outlawed;

3. Religion:

religion will be outlawed and believers will be either eliminated or imprisoned;

there will be a new religion: the worship of man and his mind; all will believe in the new religion;

The majority of the people will not readily accept "the new world order" but will be deceived into accepting it by two strategies:

1. Those in favor of the changes will have become seated in the very thrones of power, generally without the public realizing that fact;

2. The "old world order" will be destroyed piece by piece, by a series of planned "nibbles" at the established format.

The people of the world will give up their freedom to the "controllers" because there will be a planned famine, or some other serious occurrence, such as a depression or war.

The change to the "New World Order" is coming shortly, perhaps beginning after 1989. However, if that is not the year, it will be introduced one step at a time, so that the entire structure will be in place by the year 1999.

The Connection Between 5G and the Corona Virus

Updated: Apr 15

The 5G system is a WiGig wireless network that operates in the 30 to 60GHz spectrum with download speeds of up to 10 Gbps compared to the 4G download speed of 10 Mbps.

However, the frequency of 10 to 60 GHz is the frequency at which oxygen molecules oscillate. At 60 GHz, 98% of the transmitted 5G energy will be absorbed by atmospheric oxygen which then alters the orbital properties of the electrons of the oxygen molecules.

Check out the list of 5G Radiation Poisoning and the Roll-out of 5G in the USA Causing Hypoxia and the 'Corona Effect'

Dr. Robert O. Young | Events | Case Studies | Contact | Scientific Posts | Blog

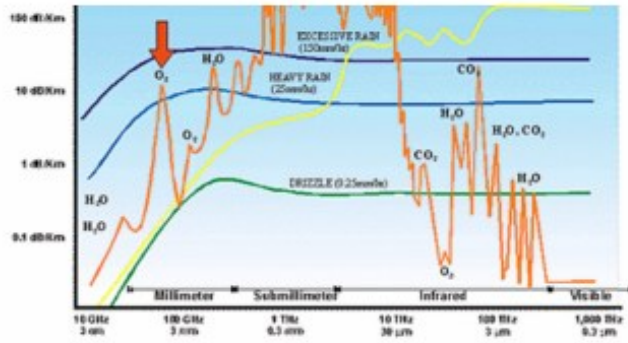

Figure 1. Atmospheric Attenuation Characteristics for Wavelengths 3 cm. to 0.3 mm

60GHz is the Frequency of Oxygen Molecule Absorption

Oxygen molecules have electrons that they share with each other, oxygen is a diatomic molecule. What we breathe are two oxygen molecules bonded together with the electrons that they share. When the oxygen molecule is hit with 60GHz 5G waves, these waves affect the orbital resonance properties of those shared electrons. It is those shared electrons that bind to the hemoglobin in our blood.

Harmful effects of RF-EMF exposure are already proven

What Does 5G and Wearing Masks Have in Common?

Face Masks Do Not Protect Against EMF Caused Hypoxia

They both lead to hypoxia or oxygen deprivation!

The masks play another role in restricting your breathing ability. You can't pull normal amount of air to fill your entire lungs. So you end up getting less oxygen because you're getting less air.

4G versus 5G Radiation Poisoning

The spectrum for 4G starts from 700 MHz to 5 GHz frequency bands. Compared to the frequencies below 5 GHz previously used by mobile devices, millimeter wave technology allows transmission on frequencies between 30 GHz and 300 GHz. These frequencies are called millimeter waves because they have wavelengths between 1 mm and 10 mm, while the wavelengths of the radio waves currently used by smartphones are mostly several dozen centimeters.
